

**Student Name: Yijun Zhang**

**Project Name: Scalding**

**Project URL:**

<https://github.com/twitter/scalding/issues?page=4&q=is%3Aissue+is%3Aopen>

**Planned contribution (1-3 sentences):**

Finish 2-3 issues. That would be great to make a feature pull request.

**Why this project is meaningful to me (1-3 sentences):**

I learned data mining course in my undergraduate study. This Map-Reduce tool can help me make a better understand what I have learn and get new knowledge from practical aspects.

**Why this contribution is meaningful to the project (1-3 sentences):**

There still many issues exist (246 issues). If I can fix one of them, it make a difference!
